

For Pick Up Services ONLY this is a Multi-Vendor Award Bid - MoDOT will use this price agreement to choose a vendor based on factors such as cost analysis of applicable charges, availability, and the vendors proximity to the project or building location.  
If delivered by truckload(s), then the low bidder will be: Lowes East Kansas City MO Store # 2943.

MoDOT will request a commitment from the vendor for the time of delivery and/or availability of product if picked up at the vendor's location. MoDOT reserves the right to obtain materials from another source if the time of availability will not work well for the project needs. If the bidder does not meet the agreed upon delivery schedule, which will cause unacceptable delays for work crews, MoDOT reserves the right to cancel immediately and move to the next bidder to obtain materials for the rest of the project or that specific quantity ordered. It will be necessary for a MoDOT representative to be present when material is delivered. No material will be accepted that has been dumped in the absence of the department's representative. No deliveries will be made outside of normal working hours 7:30 am to 4:00 pm, or on Saturdays, Sundays, or holidays unless specifically authorized by the designated representative when order is placed.
